**LOOKS THAT MAKE A DIFFERENCE**

Thrace Group's customised packaging solutions raise your branding potential, taking advantage of **all the available decoration techniques:** state-of-the-art In Mould Labelling for excellent photographic print quality, premium Shrink Sleeve for impressive looks, 8-colour Offset Printing for value-for-money appeal.

**If outstanding decoration is one of your customisation priorities, trust Thrace Group.**

BALL

**STAND OUT ON THE SHELF**

An **outstanding presence** on the shelf increases brand awareness and attracts new customers.

Our Ball ice-cream packaging, specially designed to serve our customer's marketing needs, **maximizes the surface of exposure** while establishing a **premium brand identity** with high-quality shrink sleeving.

CB1

**OFFER EXTRA BENEFITS TO YOUR END-USER**

Packaging serves content, but also the convenience and aesthetic choices of the end-user. container offers a **unique serving proposition** by preserving the "looks" of its content, i.e. puddings or jellos.

By pressing two plastic lugs at the bottom of the cup, the end-user can serve contents at the desired form and shape.

800

**TREAT YOUR PRODUCTS RIGHT**

Demanding products, like Ready-to-Eat Meals (MREs), require **special packaging treatment**. Our bespoke Art 800 retort rigid container for soup is purposely designed to **withstand high temperatures** during the processing phase of its content (90°C for over 10 min). Due to its high endurance, it also ensures a **longer shelf-life** for the final product.

**CUSTOM-MADE PACKAGING ON SPECIFIC CUSTOMER NEEDS**

**The brief**

Redesign yogurt split-cups to increase service-trolleys' capacity for Aegean Airlines (a Star Alliance member).

**The solution**

A new split-cup design offering weight and volume optimization, ready for production in 12 weeks.

SP2

**The brief**

Develop a cost-efficient and sustainable ice-cream container for Nestlé, with two compartments for toy placement.

**The solution**

An innovative 100% recyclable design, high appealing but also safe for kids. Manufactured at minimum production phases to secure lower costs.
