

GUM - EX

Chewing-gum and modelling clay remover

Ingredients:

GUM – EX contains: more than 30% fluorocarbons.

Performance:

Even removes old chewing gum residues from all textile, soft and hard coverings. The chewing gum stains are iced by spraying with GUM-EX and immediately removed effortlessly and without damaging the textile material or the flooring. GUM-EX leaves no smeary or sticky residues.

Application notes:

Can be used on all kinds of textile floorings and on clothing and upholstery. Also suitable for removing chewing gum from soft and hard floorings such as PVC, linoleum, elastomere, wooden and stone floors.

Usage:

Spray chewing gum stains for a few seconds from a distance of about 3 cm until they are visibly iced. Then lift off or scratch off the iced stain immediately with a spatula, back of a knife, spoon, etc. Quickly remove detached residues from the flooring. Any remnants of the mark should be dabbed off with FLECK-EX top. After treatment, brush up textile coverings with a brush vacuum or hand brush.

Precautions for use:

Extremely flammable. Contains 1,1 difluorethan. Keep out of the reach of children. Keep away from sources of ignition. Do not smoke. Do not breathe spray. Use only in well ventilated rooms. Pressurized container, protect of sunlight and do not expose to temperature exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent materials.

Ecology:

This product is subject to regulations governing the environmental compatibility of washing and cleaning agents and the associated regulations on the biological degradability of the raw materials used.

Comprehensive information about the environmental characteristics of this product is available on request.

Give only completely packaging to special waste disposer.

This product is designated for industrial use.

Product code: GT 0

Waste Key: 160504

Art.-Nr.: 03297	6 x 400 ml
