## Make it **ONE-OF-A-KIND** with your very own photo or message!

First, choose a label or gift tag. Labels are great for tins, while gift tags work best on towers and samplers.

Look for select tins that can accommodate custom labels (see list of designs below). Both these labels and our gift tags can be personalized with your photo, company logo or your own written message up to 5 lines of 30 characters. Our most popular option is a photo paired with a message.

Visit [www.thepopcornfactory.com](http://www.thepopcornfactory.com) and click on personalized gifts. Once you have selected your item, choose from photo, photo & message or message-only options. Upload your photo and follow a few simple steps to make your delicious gift even more special.

For message labels or gift tags without photos, place your order at our website or by phone.
