EPA # 5747-MI-1 EPA Registration No. 1839-83-74952

Order Number: BE047

EAZY SOAK

Enzyme instrument presoak and cleaner. Our unique enzyme instrument cleaner works without scrubbing or pre-rinsing. Eazy Soak digests all tissue, blood and exudative materials. Perfect for use on hard-to-clean scissors, forceps, serrated cutting blades and scalpel handles. Clean your lab instruments in three easy steps. Simply add 2 oz. Eazy Soak to one gallon of hot tap water, add the soiled instruments and walk away. Your instruments will be clean without the hard work. Concentrated liquid sold in 32 oz. containers.

Order Number: BE046

STAINLESS STEEL CLEANER AND POLISH

Powerful, non-corrosive cleaner safe for all stainless steel surfaces. Super concentrated biodegradable formula cleans and polishes in one simple step. Removes fresh or dried blood and tissue easily. Ideal for autopsy tables, grossing stations and all stainless steel instrumentation including: Biomedical Instrumentation, Bone Saws, Cutting Surfaces, Stainless Steel Freezers, Refrigerators, morgue coolers, body trays and carriers. Fresh citrus fragrance, sold in 32 oz. spray bottle.

Order Number: BE048

PATHWIPES

One step cleaning and disinfecting of all pathology and necropsy and lab surfaces. EPA approved. Pull-out disposable towelettes. Effective against HIV-1, Herpes Simplex 2, Pseudomonas, MRSA, Staphylococcus, Tuberculosis and Canine Parvo. Ideal for lab telephones, keyboards, writing instruments and splash shields. Perfect for cleaning and disinfecting laboratory equipment, lab refrigerators, instruments, doorknobs, computer mouse, rulers and microscopes. Don't just clean those last minute blood spots and smears - disinfectant at the same time. 160 pre-measured wipes, 6" x 6-3/4" in each canister.

EPA # 5747-MI-01 EPA Registration No. 1839-174-74952

Order Number: BE036

STAINLESS STEEL CLEANING AND POLISHING WIPES

Brings out the natural luster in your equipment while leaving a protective covering that repels water, fingerprints and dust. Especially designed to be used on all lab equipment such as workstations, cabinets, refrigerators and storage areas. Stainless Steel Cleaning and Polishing Wipes can restore a brilliant "like new" shine to your entire lab. Removes stains, smudges and blood while leaving behind a highly polished, shiny finish. Clean-up is quick and thorough. Simply pull wipe from canister and with moderate pressure clean soiled area. 105 pre-measured wipes, 7" x 10" in each canister. Allow to dry for 5 minutes.

Order Number: BE039
