About Us

Since 1993, International Greenhouse Company has offered a wide range of commercial quality horticultural products and supplies at the lowest prices for hobby, commercial and institutional growers. When you buy from the GreenhouseMEGAstore, you can be assured of our commitment to:

Quality Products - We are pleased to offer only the highest quality horticultural products and supplies.

Value - Low overhead allows us to offer the best possible pricing.

Service - You will be pleasantly surprised to find a real "live" person answering your call.

Knowledge - For many of our competitors, greenhouses are nothing more than a side line in addition to hot tubs, gazebos and other outdoor living products. When you purchase a greenhouse, equipment or supplies from IGC, you have partnered with *the people who know greenhouses™*.

Payment Options

We accept **Visa, Mastercard, Discover** and **American Express**. We also accept payment through **PayPal, company checks, personal checks** and **money orders**. Sorry, no COD's.

We can provide **financing** to qualified customers and business customers on orders over \$1500.

We will accept **Purchase Orders** from government agencies and non-profit learning institutions such as Colleges, Universities and local School Districts. The order must be an official Purchase Order issued by the purchasing department.

Gift Certificates - Great gift idea. We can deliver by mail or email.

Returns - 100% Guarantee

You may return new, unopened items shipped from IGC's warehouse within 30 days of delivery for a full refund.

Commercial Greenhouses

IGC Will Help You Plan

A lot goes into planning a commercial greenhouse. Choosing the site, style, size, covering, heating and cooling systems is just the beginning. Designing the greenhouse to suit your needs requires careful thought. Obtaining approvals and funding may take patience and persistence. And when you have to watch every penny, it can all be quite a balancing act.

We Understand Budget

We appreciate how tight a budget can be. IGC will work with you to get the most out of every penny. In the design phase, we will suggest every way to save money without compromising functionality.

User-Friendly Design

A well-designed commercial greenhouse accommodates the needs of the business or institution it is made for. We design our structures to fit your specific needs. For example, by choosing the right equipment, IGC's experienced team can partition the greenhouse for multiple uses. Replicate different types of climates in different areas of the greenhouse.

Turnkey Installation

Building a greenhouse requires the coordination of many experts to prepare the site, build the structure, install the plumbing and electrical, and put in the fixtures. By hiring IGC for the complete installation, you'll actually save money. Most of our customers save at least 10% by taking advantage of our turnkey service and avoid a lot of headaches, too.

Fixed Construction Price

Construction is always based on a fixed-price contract. You're never hit with unwelcome surprises on the final invoice. If you want to add anything along the way, we'll make sure we have your approval on cost.

Responsive Service

From design through construction, we're here to support you. IGC will assist you in assessing your needs depending on geographical location, intended uses, number of structures, crop sizes, and more. Our turnkey experience is beneficial in guiding you through the entire process. Whether you only purchase structures and accessories or a full turnkey package, IGC is there for you.

3
There are three ways we can help you right away:

[1] Go to www.igcusa.com and click on the Quick Quote button to receive an email quote. Or call 1-888-281-9337 and request a sales representative to help you with a commercial structure.

[2] With a few simple questions, we can help you determine which greenhouse best fits your intended uses and budget. And we can show how to cut costs in ways you might not have considered.

[3] Once we determine your needs, we will supply you with a quote that includes the cost of the greenhouse with or without construction.

Gable Series

Conley's Gable Series

The Conley's Gable Series greenhouse is available in multiple sizes and can be covered with polyethylene or rigid coverings. The galvanized steel frame features rollformed trusses and purlins for superior structural integrity. This greenhouse can be easily adapted to add a head house for storage or shipping. Perfect for all kinds of commercial, growing, or retail applications.

All Conley's greenhouses feature rollformed steel. Each truss assembly is made from one rollformed component, no splices required, between peak to gutter connection.

This greenhouse is engineered in accordance with Uniform Building Codes for almost any wind or snow load ratings. Stamped engineered plans can be provided at an extra cost. All galvanized steel frame insures maximum strength and life. Lexan polycarbonate covering is UV resistant with a 10 year discoloration warranty.

This structure is available in several sizes and can be equipped to meet your growing needs. A sample package price is shown. For custom quotes call 1-888-281-9337 or use the Quick Quote form in the Commercial Greenhouse section on our website.

Conley's Gable Series Features

- ▶ Widths: 18' to 50'
Length: 24' to 300'
Sidewalls: 8', 10', 12', or 14'
- ▶ Superior rollformed steel trusses & purlins. All framing members pre-punched and pre-cut. | Condensate control features are built in.
- ▶ Optional coverings: polyethylene film, single layer corrugated, or multi-wall polycarbonate
- ▶ Equipment available to fully automate this structure

Gable Series Package

- 24' x 48' steel frame
- 8mm hi-clarity twin wall polycarbonate covering
- (1) 6' x 6'8" double door and (1) 3' x 6'8" single door
- (2) galvanized steel exhaust fans with slope-wall housing, guard & shutter
- (3) motorized inlet shutters
- (1) Growmate automated greenhouse controller with two stages of heating and three stages of cooling
- (1) Modine PDP gas fired unit heater - *natural gas or propane*
- (2) horizontal air flow fans
- Assembly instructions and wiring diagram

Model Name	Model #	Dimensions	Price
Gable Series Package	CG-TP-SN	W 24' x L 48' with 8' Sidewalls	\$21,500

to meet your growing needs. For prices call 1-888-281-9337 or
visit the Commercial Greenhouse section on our website where
you can view fixed prices or use our online Quick Quote form.**

Conley's Super Star Series Features

- ▶ Widths: 10 lb load: 21' or 30'
20-30 lb load: 24'
Length: 24' to 300'
Sidewalls: 8', 10', 12', or 14'
- ▶ Superior rollformed steel trusses & purlins. All framing members pre-punched and pre-cut. Condensate control features are built in.
- ▶ Optional coverings: polyethylene film, single layer corrugated, or multi-wall polycarbonate
- ▶ Equipment available to fully automate this structure

Why buy a Super Star?

Conley's Super Star Series greenhouse is the best choice when you need something more than your average cold frame. The Super Star can be designed with up to 14' high sidewalls and can be gutter-connected to create a huge, inexpensive growing area. But that's not all. The Super Star greenhouse can be engineered to meet very specific load specifications. It really is the "superstar" of all cold frames and will outshine anything else you can find in its class.

Commercial Greenhouse

Assembly Options

1. Use IGC's experienced greenhouse construction team to assemble the greenhouse and install all working components.
2. Use a local contractor to erect the structure. Components supplied are pre-cut and drilled. Step-by-step installation instructions are included. IGC provides online and telephone support to answer any questions you may have.
3. A combination of (1) and (2). IGC can begin the project by setting the column posts and your contractor can complete the rest of the structure with IGC supervision.

For information on how best to plan your greenhouse assembly and construction prices, call us toll-free at 1-888-281-9337.

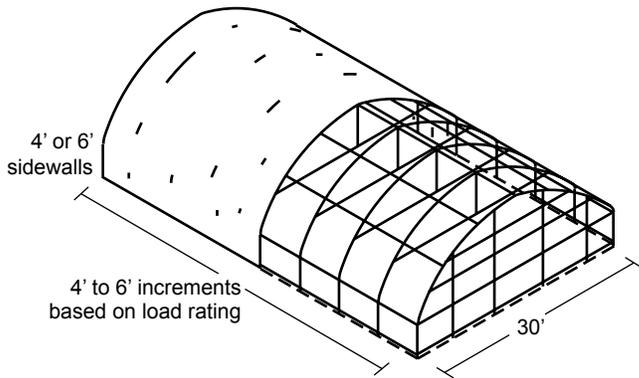

For optional equipment and supplies - Visit greenhouseMEGastore.com or call toll-free 1-888-281-9337

Ranger Series

Conley's Ranger Series

The Conley's Ranger Series greenhouse has a 30' wide galvanized steel frame with rollformed trusses and purlins for superior structural integrity. It is available in multiple lengths and can be covered with polyethylene or rigid coverings. Standard sidewalls are 4' tall with a 14' tall gothic arched roof.

This greenhouse is engineered in accordance with Uniform Building Codes for almost any wind or snow load ratings. Stamped engineered plans can be provided at an extra cost. All galvanized steel frame insures maximum strength and life. Lexan polycarbonate covering is UV resistant with a 10 year discoloration warranty.

This structure is available in several sizes and can be equipped to meet your growing needs. A sample package price is shown. For custom quotes call 1-888-281-9337 or use the Quick Quote form in the Commercial Greenhouse section on our website.

Glass Greenhouse

Glass Greenhouse

IGC's Glass Greenhouses feature heavy duty aluminum frames with panels of 1/8" clear tempered glass. These sturdy, long-lasting greenhouses build easily on a foundation or existing slab. Aluminum extrusions have a baked-on enamel finish to match existing architecture. The drawing shown features only one of our many models. Multiple sizes and styles are available.

IGC glass greenhouses are also available with a curved eave and can be made to build on a knee-wall or glass to ground. Available in bronze, green or white. All IGC Glass Greenhouses are engineered to meet 80 mph wind and 30 pound live load per the UBC Building Code. For an additional expense, your structure can be designed to meet any building code requirements for live and/or wind load. Call IGC customer service for pricing on any custom requirements.

This structure is available in several sizes and can be equipped to meet your growing needs. A sample package price is shown. For custom quotes call 1-888-281-9337 or use the Quick Quote form in the Commercial Greenhouse section on our website.

Freestanding Glass Features

- ▶ Width: 6' to 40'
Length: Variable
- ▶ Extruded aluminum mill finish frame. 5/12 (23 degree) roof slope . All framing members pre-drilled and pre-cut. Steel fasteners used at all connections. Baked-on powder-coated enamel in green, bronze or white finish.
- ▶ 1/8" (3mm) tempered glazing to ground or on a knee-wall. Double glass available.
- ▶ Equipment available to fully automate this structure

Available with Curved Eave

Glass greenhouses from International Greenhouse Company are structurally designed and engineered on a per project basis. Our glass structures can also be designed with a curved-eave and optional covering choices. Double glass panels are also available or even multi-wall polycarbonate for these load-rated aluminum frame structures. All our glass greenhouses can be built ground-to-ground or on a knee-wall. Includes pre-cut and drilled components with assembly instructions.

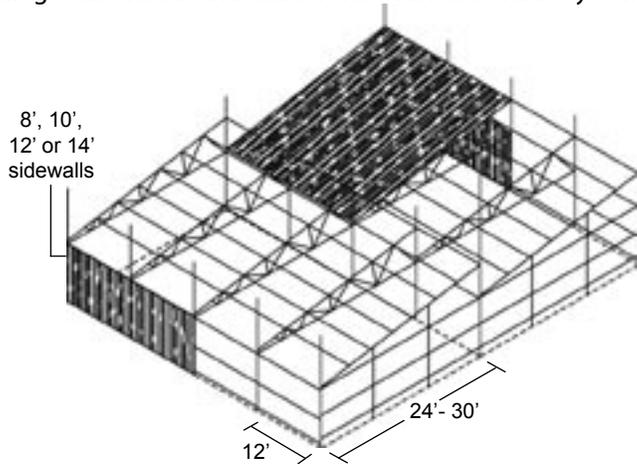

For optional equipment and supplies - Visit greenhouseMEGastore.com or call toll-free 1-888-281-9337

Free Air Series

Conley's Free Air Series

Conley's Free Air Series greenhouse features a strong rollformed galvanized steel frame that is designed for optional roll up walls with retractable overhead shade systems. This greenhouse is made to utilize natural ventilation to its maximum potential. You can get extended columns for the overhead shade system.

All Conley's greenhouses feature rollformed steel. Each truss assembly is made from one rollformed component, no splices required, between peak to gutter connection.

This greenhouse is engineered to meet a standard 10 lb live load at 70 mph or 110 mph wind (exposure "B") per the international building code. Stamped engineered plans can be provided at an extra cost. All galvanized steel frame insures maximum strength and life. Optional shade system and roll-up curtains available for all sizes.

This structure is available in several sizes and can be equipped to meet your growing needs. For prices call 1-888-281-9337 or visit the Commercial Greenhouse section on our website where you can view fixed prices or use our online Quick Quote form.

Conley's Free Air Series Features

- ▶ Widths: from 24' to 30'
Length: 24' to 300'
Sidewalls: 8', 10', 12', or 14'
- ▶ Superior rollformed steel trusses and purlins. All framing members pre-punched and pre-cut. Condensate control features are built in
- ▶ Cover with polyethylene or polycarbonate
- ▶ Equipment available to fully automate this structure

Why buy a Free Air?

Conley's Free Air Series 4000 has a proven track record for consistently harnessing "natural ventilation" to its maximum potential even in "hard to grow in" warm weather climates. Optional roll up walls and retractable overhead shade systems can be fully automated to provide hands off operation when you most need it. The optional shade structure features a heavy-duty rack & pinion system with an internal limit and secondary safety switches. The roll-up curtain system includes an aluminum drive shaft for extended service.

Retail-Mart Series

Retail-Mart Series

The Retail Mart is a heavy-duty, galvanized steel greenhouse that contains built-in side and center benching brackets to hold plants and supplies. Each bay also includes four runs of hanging basket purlins. These high capacity built-in displays provide more benching area than standard block & plank with plenty of room to walk between.

The Retail Mart is designed to easily erect multiple, gutter connected units to make it ideal for future expansion. All Retail-Mart Greenhouses are engineered to meet 70 mph wind and 10 pound live load per the UBC Building Code. For an additional expense, your structure can be designed to meet any building code requirements for live and/or wind load. Call IGC customer service for pricing on any custom requirements.

This structure is available in several sizes and can be equipped to meet your growing needs. For prices call 1-888-281-9337 or visit the Commercial Greenhouse section on our website where you can view fixed prices or use our online Quick Quote form.

Retail-Mart Series Features

- ▶▶ Freestanding greenhouse with built-in benches
- ▶▶ Width: 21' x Length: starts at 18' with 6' increments
- ▶▶ Sturdy galvanized steel frame with 8mm twin wall polycarbonate on roof, sidewalls & endwalls
- ▶▶ Integrated display benching system; integrated hanging basket purlins; and slide-side ventilation along both sidewalls

Retail-Mart Package

Ready-to-build Retail-Mart!

- 2" o.d. 14 gauge galvanized steel frame
- 8mm hi-clarity twin wall polycarbonate covering
- Integrated display bench system
- Integrated hanging basket purlins
- Slide-side ventilation
- Choice of hold down system, ground stakes or concrete anchor bolts
- Choice of double sliding or swinging doors
- Components supplied pre-cut and drilled for easy bolt together assembly. Installation instructions included.

BC Hobby Greenhouses

Cape Cod Glass Greenhouse Kit

The unique style of a Cape Cod design adds character to any landscape setting. These architecturally pleasing greenhouses have a 45° pitch roof with 5' 6" sidewalls maximizing interior height for tall greenhouse plants. Cape Cods come standard with tempered glass covering, but durable polycarbonate covering is also available for the same price.

Cape Cod greenhouses come standard with a single door, 32" wide x 76" tall with adjustable glass and screen for ventilation. Optional double doors available. Each greenhouse includes from two to four vents depending on the size you order.

All Cape Cods lengths are extendable in 2' increments to allow for future expansion. Easy to understand step-by-step assembly instructions and video are included with every structure.

FEATURES INCLUDE:

Complete frame - pre-fabricated, heavy-duty aluminum structure - white, green, or bronze

Glazing - 3mm tempered glass or 6mm polycarbonate

Roof Vent - Automatic Roof Vents (*number varies by bldg size*)*

Door - Premium glass/screen, lockable door with sliding panel for ventilation

Warranty - Lifetime warranty on frame

Installation Instructions - Complete step-by-step video and written instructions

OPTIONAL:

Decorative Aluminum Cresting for any of our BC Greenhouses is sold by the lineal foot and will be painted to match the color of your greenhouse.

BC Hobby Greenhouses

Traditional Glass Greenhouse Kit

As featured on ABC's Extreme Makeover Home Edition and the Hollywood hit movie *Transformers*, this popular Traditional Glass Greenhouse design provides maximum natural light for year-round gardening. Sizes vary from a small backyard, garden model to a structure that would work well in a small nursery.

The Traditional Glass Greenhouse features an attractive heavy aluminum frame, glass covering, and 5' 6" sidewalls with a roof slope of 24 degrees. Structurally it can carry a 30 lb. snow load and winds of 80 miles per hour. Choose from white, green (or bronze) baked-enamel finish. Optional double pane glass is available.

Traditional Greenhouses come standard with a single door, 32" wide x 76" tall with adjustable glass and screen for ventilation and two to six automatic vents depending on the size you order.

FEATURES INCLUDE:

Complete frame - pre-fabricated, heavy-duty aluminum structure - white, green, or bronze

Glazing - 3mm tempered glass or 6mm polycarbonate

Roof Vent - Automatic Roof Vents (*number varies by bldg size*)*

Door - Premium glass/screen, lockable door with sliding panel for ventilation

Warranty - Lifetime warranty on frame

Installation Instructions - Complete step-by-step video and written instructions

OPTIONAL:

Decorative Aluminum Cresting for any of our BC Greenhouses is sold by the lineal foot and will be painted to match the color of your greenhouse.

BC Hobby Greenhouses

Cross Country Greenhouse Kit

The Cross Country is designed to withstand almost every weather condition. Features include a green, bronze or white heavy duty aluminum structure, 6mm twin-wall polycarbonate covering, extra high 5' 6" sidewalls for side shelving, roof bars designed to carry large hanging baskets, double wide greenhouse individual roof vents for proper ventilation, and a premium storm door with adjustable screened sliding window.

This greenhouse offers the widest selection of sizes than any other kit on the market. All lengths are extendable in 2' increments for future expansion. Cross Country Hobby Greenhouses come standard with a single door, 32" wide x 76" tall with adjustable glass and screen for ventilation. Each greenhouse includes from one to three automatic vents depending on the size you order.

FEATURES INCLUDE:

Complete frame - pre-fabricated, heavy-duty aluminum structure - white, green, or bronze

Glazing - Pre-cut 6mm twin wall polycarbonate panels

Roof Vent - Automatic Roof Vents (*number varies by bldg size*)*

Door - Premium glass/screen, lockable door with sliding panel for ventilation

Warranty - Lifetime warranty on frame, 10 year on covering

Installation Instructions - Complete step-by-step video and written instructions

OPTIONAL:

The Cross Country Greenhouse is also available in a beautiful Curved Eave model for the same price as the Straight Eave. Also, a Decorative Cresting is available for the both models.

Riga Hobby Greenhouses

Riga Hobby Greenhouse Kit

The German engineered Riga greenhouse is one of our most attractive and well made hobby greenhouses. It features an attractive "onion-shaped" rustproof, extruded aluminum frame, heavy 8mm twin wall polycarbonate covering on the side-walls to roof and 10mm on the endwalls (the heaviest offered on any hobby greenhouse). The unique "channel" design of the aluminum components allows for simple "slide and fit" assembly. The Riga starts at 7'9" wide x 3 lengths with larger models available.

Name	Model #	Dimensions	Price
Riga	HG-RG 7807	W 7'9" x L 7' x H 7'	\$2,598
Riga	HG-RG 7810	W 7'9" x L 10'6" x H 7'	\$3,099
Riga	HG-RG 7814	W 7'9" x L 14' x H 7'	\$3,898

Riga Garden Greenhouse Kit

- ▶▶ 40" x 24" roof vents w/automatic openers; 30" x 42" gable end window; 30" wide dutch door
- ▶▶ Pre-cut 8mm and 10mm twin-wall polycarbonate panels

Riga Deluxe Greenhouse Kit

- ▶▶ (2) 40" x 24" roof vents w/automatic openers; 30" x 42" gable end window; 30" wide dutch door
- ▶▶ Pre-cut 8mm and 10mm twin-wall polycarbonate panels

Riga Grand Greenhouse Kit

- ▶▶ (4) 40" x 24" roof vents w/automatic openers; 30" x 42" gable end window; 30" wide dutch door
- ▶▶ Pre-cut 8mm and 10mm twin-wall polycarbonate panels

Riga XL Greenhouse Kit

- ▶▶ (4) 37.5" x 39.5" roof vents w/automatic openers; full size rear window; (2) extra wide 37.5" w x 74" h dutch doors
- ▶▶ Pre-cut 8mm and 10mm twin-wall polycarbonate panels

Riga XL	HG-RG-XL	W 14'2" x L 19'2" x H 10'	\$9,035

Riga Accessories

Riga Base Kit

Heavy-duty 6" tall aluminum base slides directly onto Riga Greenhouse frame creating a space that can be filled with sand, pea gravel or concrete.

Hanging Bench/Shelf

Each bench kit includes (1) 14" deep top shelf and (1) 25" deep regular shelf with polycarbonate bench tops to fit along one side of your Riga.

Adjustable Hooks

Hang plants, fans, or any other items in your Riga. Each hook easily slides into the extruded aluminum channel of the Riga frame. Includes 5 per kit.

Riga Shade Cloth Kit

Fabricated from 50% ALUMINET Shade Cloth with heavy-duty reinforcing tape sewn along all four edges and brass grommets installed every 2'.

Garden Grower Steel Greenhouse

Garden Grower Greenhouse

The Garden Grower offers true commercial greenhouse quality at an affordable price. Features include 6mm twinwall polycarbonate covering and attractive rounded eaves for easy snow shedding. The strength and durability of its galvanized steel frame means that the Garden Grower is engineered to meet 70 mph wind and 10 pound live load. This is one of the few hobby greenhouses in the market that can be provided with engineered plans stamped to meet almost any required load rating.

This kit is perfect for the serious hobbyist or small nursery business. It includes everything required for complete installation. Builds on your foundation or existing slab and is available in widths from 9', 12', 18', or 24'. Prices include complete frame, 6mm polycarbonate twin-wall covering, and (1) 3' x 6'-8" storm door. We also offer a package that includes automatic heating, cooling, and ventilation. Roof vent(s) are optional and can be ordered separately. The Garden Grower greenhouse includes complete assembly instructions, but requires more building experience than our other hobby kits.

Model Name	Model #	Structure Dimensions	Price
Garden Grower	HG-GG 0912	W 9' x L 12' x H 9'	\$4,595
Garden Grower	HG-GG 0918	W 9' x L 18' x H 9'	\$5,490
Garden Grower	HG-GG 1212	W 12' x L 12' x H 10'	\$4,995
Garden Grower	HG-GG 1218	W 12' x L 18' x H 10'	\$6,150
Garden Grower	HG-GG 1224	W 12' x L 24' x H 10'	\$6,985
Garden Grower	HG-GG 1818	W 18' x L 18' x H 10.5'	\$7,140
Garden Grower	HG-GG 1824	W 12' x L 24' x H 10.5'	\$8,459
Garden Grower Package	HG-GGK 0912	W 9' x L 12' x H 9'	\$5,395
Garden Grower Package	HG-GGK 0918	W 9' x L 18' x H 9'	\$6,858

Garden Grower Package	HG-GGK 1218	W 12' x L 18' x H 10'	\$7,695
Garden Grower Package	HG-GGK 1224	W 12' x L 24' x H 10'	\$8,850
Garden Grower Package	HG-GGK 1818	W 18' x L 18' x H 10.5'	\$9,060
Garden Grower Package	HG-GGK 1824	W 12' x L 24' x H 10.5'	\$10,340

The Garden Grower Greenhouse is also available in a package that includes a complete heating and cooling system.

Heater and Thermostat

- ▶▶ Modine Hot Dawg Heater features attractive low profile design with standard power exhaust
- ▶▶ Durable thermostat is corrosion proof with polycarbonate thermo-plastic construction and stainless steel capillary sensor.

Cooling System

- ▶▶ Outdoor air is drawn in through (1-2) motorized shutter(s) and hot air is exhausted through (1-2) motorized shutter fan(s).
- ▶▶ The 2-stage T109 series Heat/Cool Thermostat is intended for the control of heating or cooling (ventilation) in greenhouses.

Air Circulation

- ▶▶ Our HAF fan allows for more air flow and a much wider air pattern in your greenhouse. This maximizes heat distribution and humidity control by mixing the air, from ceiling to floor.
- ▶▶ (1-2) horizontal air flow fans included with package depending on size of Garden Grower greenhouse

Garden Grower Accessories

Automatic Roof Vent

Each 16" x 72" vent is automatically controlled by a piston containing a heat sensitive fluid that expands (and opens the vent) as the temperature rises.

Natural Wood Greenhouses

Sunshine Gardenhouse Kits

The Sunshine Gardenhouse is constructed of beautiful and long lasting redwood, a renewable resource. Durable 4.5mm twin wall polycarbonate panels are UV treated and have a high impact resistance. The wood frame and polycarbonate panels are shipped in pre-assembled sections making assembly easy. Each style includes a pre-hung dutch door and large roof vent(s) with automatic vent opener(s).

The base is made of a recycled plastic simulated wood that allows you to build your GardenHouse directly on the ground and not worry about the base rotting over time. Finally, strong zinc-plated metal connecting brackets join the sections of your Sunshine Greenhouse together for long lasting durability.

Sunshine Mini Gardenhouse Kit

- ▶▶ Width: 6'; Length: 4'

Sunshine Accessories

Sunshine Gardenhouse Anchor Kit

Each kit includes four easy-to-install 1/2 inch dia. x 16 inch re-bar ribbed steel stakes and two cold galvanized anchor base plates.

Sunshine Gardenhouse Bench Kit

Matching redwood benches that run the full length of the Sunshine Garden House. Up to 4 benches can be used in each model.

Sunshine Gardenstarter Kit

This miniature greenhouse provides the perfect environment for plant growth. Four standard flats fit in the 4' x 2' bed of the GardenStarter.

Sunshine Patio Gardenhouse

This 4' x 6' mini lean-to patio garden is great for gardeners with limited space, featuring a door on each side and vent with automatic opener.

Rion Hobby Greenhouses

Rion Greenhouse Kits

The Rion greenhouse is constructed of attractive UV protected PVC profiles, high impact plastic connectors and 4mm twin wall polycarbonate panels for covering. Polycarbonate covering comes with a 10 year warranty against discoloration. Although made of PVC, the Rion greenhouse is extremely durable with the roof tested to hold an incredible 1,100 pounds of snow!

Innovative PUSH & FIT Rion Connectors enable you to build it yourself, thus saving time and money. All except the largest models can usually be assembled by two or more people in a single weekend. Easy to understand step by step assembly instructions and video are included with every structure - best of all, no tools are needed!

Models listed below:

Rhino Greenhouses

Rhino Greenhouse

Imported from England, the 8' wide and 10' wide Rhinos are not your typical run of the mill greenhouse. Rhinos are designed to be different, offering a degree of elegance, strength and safety not found in other greenhouses in the market today. Heavy-duty painted aluminum frame and tempered glass panels will last for generations.

FEATURES INCLUDE:

Complete frame - Green heavy-duty aluminum frame

Glazing - Durable 4mm toughened glass

Roof Vent - (2) triple sized automated roof vents

Side Vent - 8' wide - (2) 7 blade louvre windows / 10' wide - (4) 7 blade louvre windows

Door - 4' wide double sliding

Warranty - 25 years on frame

Included Accessories - (2) hanging basket rails; gutters and downpipes; glazing beads with squeegee fin

Strength

The ability of a greenhouse to withstand high winds is dependent upon the strength of the frame. The Rhino Greenhouse comes with a 25 year frame guarantee because we are confident in its strength. Robust (heavy 3mm "T" section) braces are fitted to every ridge and eave bar. Rhino's are glazed with 4mm toughened glass. They are also fitted with a heavy duty glazing bar at the rear. To take it one step further, the nuts and bolts are made from High Tensile Aluminum which have twice the strength of standard nuts and bolts found in most aluminum greenhouses.

Glazing Bead

The unique Rhino Glazing Bead firmly grips the edge of the glass, locking it tightly in place. The glass cannot be blown or sucked out of the frame, pushing on the glass only locks the beads more tightly into the frame.

Name	Model #	Dimensions	Color	Price
Rhino	HG-RH-0810	W 8' 4" x L 10' 4" x H 8' 4"	Green	\$3,995

Rhino	HG-RH-1012	W 10' 4" x L 12' 4" x H 8' 4"	Green	\$5,495

Rhino Accessories

Simple Shade

Do away with cumbersome exterior shade kits! Simple Shade is a 2' wide high quality exterior roller blind made from rust proof aluminium, with attractive green shade fabric designed especially for horticultural use. This unique system is very simple to operate without detracting from the beauty of your greenhouse.

Note: a total of 12' rollers are needed to completely cover the roof of our 8' x 12' Rhino greenhouse.

Snap-Glas Hobby Greenhouses

Silverline Greenhouse Kit

The "Apex" roof design of this 6' wide x 8' long classic greenhouse provides plenty of head room and space for your plants. Durable aluminum frame is rust-proof with an English style sliding door and a large roof vent. Attractive "Snap Glas" polycarbonate combines the high impact resistance and UV protection of polycarbonate with the clarity of glass. Only requires about 4-5 hours to assemble!

Model Name	Model #	Dimensions	Color	Price
Silverline	HG-SI	W 6' 3" x L 8' 3" x H 6' 7"	Silver	\$649

Greenline Greenhouse Kit

Just like the Silverline, only with an attractive green powder coated rust proof aluminum frame. The glass like clarity single layer polycarbonate Snap-Glas covering offers high impact resistance and 100% UV protection. Features include 6' w x 8' l dimensions, sliding door and roof window while only requiring about 4-5 hours to assemble!

Model Name	Model #	Dimensions	Color	Price
Greenline	HG-GL	W 6' 3" x L 8' 3" x H 6' 7"	Green	\$799

Snap-Glas is as clear as glass, but it features 100% UV protection and is virtually unbreakable.

Enthusiast Greenhouse Kit

This attractive 6' wide x 8' long hobby greenhouse features Snap-Glas polycarbonate glazing panels. Snap-Glas is as clear as glass, but it features 100% UV protection and is virtually unbreakable. The high density plastic frame is strong enough to handle snow in the winter while being extremely easy to put together. The Enthusiast features 2 roof vents, 1 window louvre, and hinged door.

Model Name	Model #	Dimensions	Color	Price
Enthusiast	HG-EN-0608	W 6' x L 8' x H 6' 6"	Green	\$899

Mini Pro Greenhouse Kit

The Mini Pro also features Snap-Glas clear as glass polycarbonate. Features include 8 half-panel roof vents, 2 air intake vents, 2 hinged doors, aluminum frame components and a complete galvanized steel base kit. Precut and easy to assemble, the base and ground stakes give you an easy and attractive way to secure your greenhouse.

Pride-of-the-Pacific Lean-To Kit

- ▶▶ Pre-fabricated, green or white heavy-duty aluminum frame
- ▶▶ Single thick glass with curved eave
- ▶▶ Automatic Roof Vents
- ▶▶ Premium glass/screen, lockable door with sliding panel for ventilation

Cross Country Curved Lean-To Kit

- ▶▶ Pre-fabricated, green or white heavy-duty aluminum frame
- ▶▶ 6mm twin-wall polycarbonate
- ▶▶ Automatic Roof Vents
- ▶▶ Premium glass/screen, lockable door with sliding panel for ventilation

Cross Country Straight Lean-To Kit

It's the same greenhouse as the curved-eave Cross Country except with straight eaves. Both Lean-To's include an aluminum capping system which ensures the panels will stay on the greenhouse in high winds. The standard height of the side walls is 5' 6", giving ample room inside for tall gardeners and hanging baskets.

Sunshine Lean-To Gardenhouse

Sunshine Lean-To Kit

- ▶▶ Width: 8'; Depth: 4' 3"
- ▶▶ Height: 7' 3-1/2" at house sloping to 5' 6-1/2"
- ▶▶ (2) hinged doors, one on each side of lean-to
- ▶▶ Pre-cut 4mm twin-wall polycarbonate panels
- ▶▶ 5 year warranty

Brighten up your patio or deck with this beautiful mini-greenhouse. Made from redwood, this lean-to style structure is designed to attach to a smooth vertical wall (owner is responsible for selecting flashing and fasteners appropriate for the existing wall type). The lean-to has two doors, one at each end. Includes shatter-proof 4mm polycarbonate panels. Shipping Weight: 191 lbs.

HG-SGLT-48 Redwood Lean-To Greenhouse Kit \$1,175

Polyethylene Greenhouse Film

4 Yr - 6 Mil Clear Film

4 Year Clear Greenhouse Film

Our Standard Greenhouse Film: 6 mil thickness for superior durability, plus excellent 91% light transmission. Four year warranty against UV degradation. Easy installation. A variety of standard sizes are available. **GF-6MC**

4 Yr - 6 Mil White Film

4 Year White Greenhouse Film

55% light transmission of this 6 mil film lowers temperatures by reflecting solar heat away before it enters the greenhouse. Use anywhere cooling is a priority, particularly over Garden Centers, Orchid Houses or Poly-covered Livestock Houses. **GF-6MW**

Quantity Discounts Available!

- » Free Freight on orders greater than 100,000 Square Feet
- » 10% Quantity Discount and Free Freight on orders greater than 167,000 Square Feet

Overwintering Film - 3 Mil

Overwintering Film, 3 Mil

Although lighter, this new super strength 3-mil film has much better tear strength, stronger folds and takes greater energy to puncture than the 4-mil co-poly currently available. Plus, it's 25% less film to dispose of next spring.

Clear - GF-3MC White - GF-4MW

Overwintering Film - 5 Mil

Overwintering Film, 5 Mil

Our 5 Mil Overwintering film is recommended over the 3 Mil when severe weather is a concern.

Clear - GF-5MC White - GF-5MW

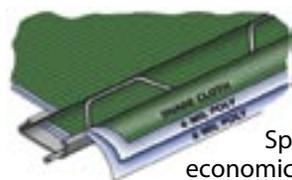

Polyethylene film can be ordered in standard widths to any length.

Multiply the price per lineal foot below by the length desired to order.

Stock sizes are available from our warehouse. Visit www.greenhouseMEGAstore.com to see prices.

Used for attaching poly greenhouse film to wood framing with Bostitch tacker.

GF-9007 2.75" x 100 yard roll - black **\$29.25**

Poly Patching Tape

Heavy-duty UV protected tape repairs minor tears in polyethylene greenhouse film.

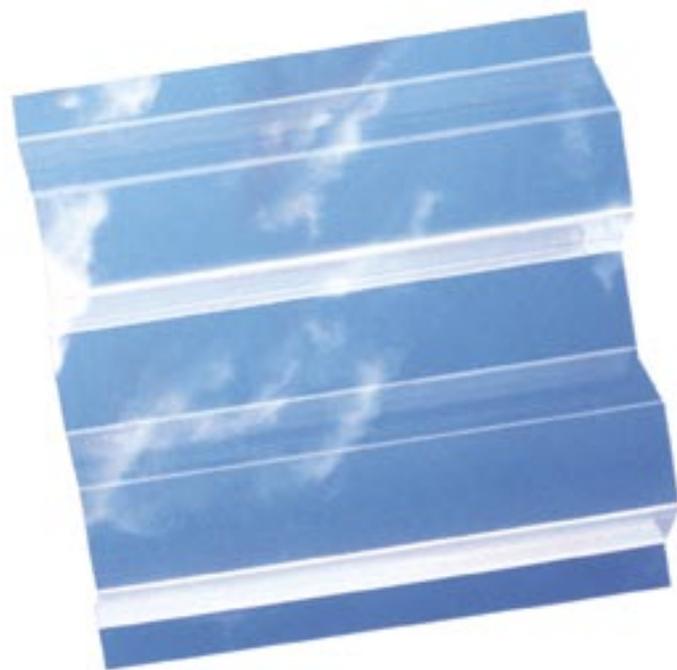

GF-PPT 04	4" wide x 48' long roll	\$15.00
GF-PPT 06	6" wide x 48' long roll	\$19.30
GF-PPT 10	10" wide x 24' long roll	\$16.00

Polycarbonate Panels

Corrugated Polycarbonate

Corrugated Polycarbonate Panels

Dynaglas corrugated polycarbonate sheets are light weight, virtually unbreakable and come with a 10 year warranty against discoloration. Panels are available in either 49.6" or 73.6" standard widths.

Model #	Color	Width	Length (cost per foot)
CPC-CL 50	Clear	49.6"	\$5.44
CPC-CL 74	Clear	73.6"	\$7.90
CPC-OP 50	Opal	49.6"	\$5.89
CPC-OP 74	Opal	73.6"	\$8.59
CPC-BR 50	Bronze	49.6"	\$5.89
CPC-BR 74	Bronze	73.6"	\$8.59

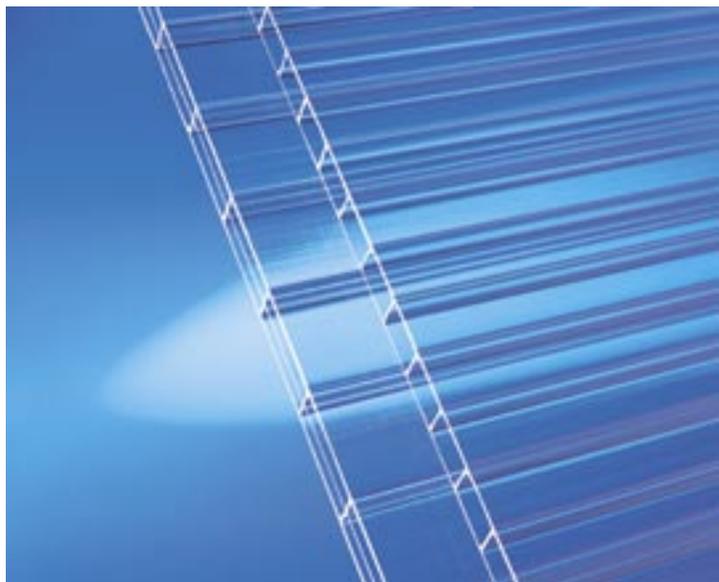

Pricing

The panels are priced by the cost per foot for length. Take the number of feet of panels you need by the price shown in the tables to get your cost.

Crating

A \$120 charge must be added to all polycarbonate orders for the individual wood crates that are constructed to protect polycarbonate panels during motor freight shipment.

Multi-Wall Polycarbonate

Multi-Wall Polycarbonate Panels

Multi-Wall polycarbonate provides clarity, durability and strength. Energy efficiency is increased because the panels have an insulating air-filled space between the inner and outer wall. 8mm is the industry-standard thickness for most double layer polycarbonate products in the commercial greenhouse market, but 6mm, 10mm, and 16mm are also available.

Model #	Color	Thickness	Width	Length (cost per foot)
CPC-CL6-48	Clear	6 mm	48"	\$6.20
CPC-CL6-72	Clear	6 mm	72"	\$9.29
CPC-CL8-48	Clear	8 mm	48"	\$6.62
CPC-CL8-72	Clear	8 mm	72"	\$9.94
CPC-CL10-48	Clear	10 mm	48"	\$9.87
CPC-CL10-72	Clear	10 mm	72"	\$14.80
CPC-CL16-48	Clear	16 mm	48"	\$15.90
CPC-CL16-72	Clear	16 mm	72"	\$21
CPC-OP6-48	Opal	6 mm	48"	\$6.87
CPC-OP6-72	Opal	6 mm	72"	\$10.30
CPC-OP8-48	Opal	8 mm	48"	\$7.19
CPC-OP8-72	Opal	8 mm	72"	\$10.79
CPC-OP16-48	Opal	16 mm	48"	\$18.10
CPC-OP16-72	Opal	16 mm	72"	\$25.40
CPC-BR6-48	Bronze	6 mm	48"	\$6.87
CPC-BR6-72	Bronze	6 mm	72"	\$10.30
CPC-BR8-48	Bronze	8 mm	48"	\$7.19
CPC-BR8-72	Bronze	8 mm	72"	\$10.79
CPC-BR16-48	Bronze	16 mm	48"	\$18.10

Solexx Panels

Solexx Polyethylene Panels

Strong, durable, and lightweight with many useful applications. The translucent greenhouse plastic transmits 70-75% soft diffused light, encouraging lush plant growth. The strength of the greenhouse covering provides maximum wind and snow protection. The trapped air space in the insulated greenhouse covering provides optimal solar heat collection to keep your heating costs low.

Solexx high density polyethylene greenhouse panels are mildew, water, and chemical resistant and they will not yellow. A double ultraviolet treatment filters out harmful rays and extends the life of the panels.

Panels

Model #	Density	Dimensions	Length
CPC-SL3P-429	3.5 mm	42" wide x 99" long	\$30.50
CPC-SL3P-421	3.5 mm	42" wide x 146" long	\$39.50
CPC-SL3P-499	3.5 mm	49.5" wide x 99" long	\$39.50
CPC-SL3P-491	3.5 mm	49.5" wide x 146" long	\$59
CPC-SL5P-429	5 mm	42" wide x 99" long	\$45.50
CPC-SL5P-421	5 mm	42" wide x 146" long	\$71.50
CPC-SL5P-499	5 mm	49.5" wide x 99" long	\$49.50
CPC-SL5P-491	5 mm	49.5" wide x 146" long	\$73.50

Per Linear Foot

Model #	Density	Dimensions	Length (cost per foot)
CPC-SL3	3.5 mm	4'1" wide x Up to 1000' long	\$4.40
CPC-SL5	5 mm	4'1" wide x Up to 700' long	\$5.90

Bulk Rolls

Model #	Density	Dimensions	Length
CPC-SL3R-4	3.5 mm	49.5" wide x 400' long	\$1,777
CPC-SL3R-6	3.5 mm	49.5" wide x 900' long	\$3,628
CPC-SL5R-3	5 mm	49.5" wide x 300' long	\$1,705
CPC-SL5R-6	5 mm	49.5" wide x 600' long	\$3,383

Solexx Panel Accessories

Model #	Description	Price
CPC-CL4	4' H-Channel Profile for connecting Solexx	\$4.60
CPC-CL6	49" U-Profile for trimming Solexx	\$4.60

Greenhouse Insulation

Tempshield Insulation

Two layers of 5/32" barrier bubble film laminated between two layers of foil. The highly reflective (97%) foil layer makes TempShield™ a perfect solution for winter-proofing the sidewalls of any greenhouse.

Model #	Description	Price
IN-TSD-75	48" wide by 75' long	\$159
IN-TSD-125	48" wide by 125' long	\$206
IN-TSD-01	48" wide - Sold Per Linear Foot	\$1.58
IN-PFT-2150	2" x 150' roll of tape for sealing	\$10

Plant Protection Fabrics

Thermal Blanket, 3 oz.

White, non-woven, needle punched polypropylene material. Designed to allow rain and irrigation through to your nursery stock, while holding in precious heat. Perfect for late fall and early spring applications.

Model #	Description	Price
GR-DTB-3	3' wide x 250' long	\$54.50
GR-DTB-6	6' wide x 250' long	\$106.50
GR-DTB-12	12' wide x 250' long	\$213
GR-DTB-15	15' wide x 250' long	\$266.50

N-Sulate Protection Fabric

Medium weight, permeable, UV treated fabric designed to protect plants the freezing temperatures.

Model #	Description	Price
GR-NS-10	12' wide x 10' long	\$9
GR-NS-250	12' wide x 250' long	\$123
GR-NS-500	12' wide x 500' long	\$225

Exhaust Fans and Shutters

J&D Ventilation Package

Save money by ordering a complete ventilation package from the Greenhouse Megastore. This J&D package consists of our commercial quality exhaust fan, motorized inlet shutter(s), and damp-proof 2-stage thermostat.

- ▶▶ Commercial quality exhaust fan with exterior aluminum shutter
- ▶▶ Motorized aluminum shutters used as free-air exhaust
- ▶▶ 2-stage damp proof cooling thermostat

Model #	CFM	Description	Price
FA-VPK1212	1050	12" fan, 18" shutter, thermostat	\$258
FA-VPK1620	2000	16" fan, (2) 18" shutters, thermostat	\$285
FA-VPK1622	2000	16" fan, 24" shutter, thermostat	\$370
FA-VPK2020	4300	20" fan, (2) 24" shutters, thermostat	\$425
FA-VPK2430	6125	24" fan, (2) 30" shutters, thermostat	\$499

J & D Shutter Fans

Each fan features heavy duty chrome plated OSHA approved guards and strong, durable aluminum shutters.

- ▶▶ Remove unwanted condensation
- ▶▶ Eliminate heat build-up inside your buildings
- ▶▶ Improve air quality

Model #	CFM	Description	Price
FA-VSF-12	1050	12" diameter - 115/230v	\$127
FA-VSF-12C	1050	12" diameter - 115v - with cord	\$134
FA-VSF-161	2000	16" diameter - 115/230v	\$138

Circulation Fans

**EZ-Breeze Basket Fan**

Our EZ-Breeze HAF circulation fan is the answer to your air circulation needs.

- ▶▶ Variable speed motor
- ▶▶ Mounting bracket included

Model #	CFM Hi/Low	Description	Price
FA-VDB12	1436/500	12" w/ 6' cord	\$99
FA-VDB16	2394/840	16" w/ 6' cord	\$108
FA-VDB20	3492/1220	20" w/ 6' cord	\$112
FA-VDB24	6715/2350	24" w/ 6' cord	\$169

**HAF Fan**

Our HAF Fan allows for more air flow and a much wider air pattern in your greenhouse.

- ▶▶ Energy efficient
- ▶▶ Fan guard will not corrode

Model #	CFM	Description	Price
FA-VBG-08	466	1/100 HP 115 Volt	\$121
FA-VBG-12	2600	1/10 HP 115/230 Volt	\$137
FA-VBG-20	6000	1/3 HP 115/230 Volt	\$169
FA-VBG-24	8500	1/2 HP 115/230 Volt	\$197
FA-VBG-36A	11,200	1/2 HP 115/230 Volt	\$229

**Circulating Fan**

These affordable fans are a great solution for air circulation and cooling in clean, dry environments.

- ▶▶ Long, reliable life
- ▶▶ 2-speed UL listed
- ▶▶ Quiet operating

FA-DYCC-24	5465/3805	Wall/Ceiling Mounted	\$195

Autovent Opener

**Bayliss Autovent Opener**

As the air in the greenhouse heats up it also heats the powertube in the vent opener. The hotter the temperature the wider the opening.

Model #	Description	Price
GA-1007	Bayliss Autovent Opener	\$60
GA-1007T	Replacement Tube	\$28.60

Evaporative Coolers

Free Shipping

Evaporative System Package

Outdoor air is cooled by Evaporative Cooler (located outside) and discharged into greenhouse. Hot air is exhausted through outlet shutter which operates automatically on pressure differential.

Model #	CFM	Description	Price
EV-PAK-20	2000	Cooler, 24" Shutter, Thermostat	\$765
EV-PAK-26	2600	Cooler, 30" Shutter, Thermostat	\$1001
EV-PAK-30	3000	Cooler, (2) 24" Shutter, Thermostat	\$1271
EV-PAK-44	4400	Cooler, (1) 20" & (1) 24" Shutter, Thermostat	\$1408

**Greenhouse Evaporative Cooler**

This ultra slim model fits into places where other coolers won't. Easy to install and maintain.

- ▶▶ Twin 360° multidirectional grills
- ▶▶ 6' cord with grounded plug

Free Shipping

Model #	Description	Price
EV-WH2902	1/8 hp., 115V, 2 speed motor	\$495

**Portable Evaporative Cooler - 150**

Cools up to 150 SF by 10-15 degrees.

- ▶▶ 4 gallon reservoir
- ▶▶ Three speed motor (1/10 HP)
- ▶▶ Optional CT-1000 recommended

Free Shipping

Model #	Price
QC8D3	\$375

**Portable Evaporative Cooler - 600**

Cools up to 600 SF by 10-15 degrees.

- ▶▶ 10.5 gallon reservoir
- ▶▶ Three speed motor (1/7 HP)
- ▶▶ Optional CT-1000 recommended

Free Shipping

Model #	Price
QC16D3	\$615

Portable Heaters

Super Warm 10 Kerosene Heater

The Super Warm 10 will burn with a continuous blue flame for up to 19 hours on one filling (2.5 ltr). Complete with handle and kerosene level indicator.

- ▶▶ Heats greenhouse up to 8' x 12' (108 sq.ft.)

Model #	Price
HT-PAR-692	\$129
HT-PAR-WIC-692	\$14.50

The Big Red Heater

The Big Red Heater will burn with a continuous blue flame for up to 16 hours on one filling (4 ltr). Complete with handle and kerosene level indicator.

- ▶▶ Heats greenhouse up to 8' x 14' (150 sq.ft.)

Model #	Price
HT-PAR-591	\$149
HT-PAR-WIC-591	\$14.50

Portable Forced Air Heater

This Portable Forced Air Heater is perfect for temporary heat in workshops, agricultural buildings, worksites, and emergencies.

- ▶▶ Power coated finish
- ▶▶ Thermocouple operated gas valve
- ▶▶ Continuous electronic ignition

Model #	BTUH	Description	Price
HT-PFA-55	30,000-50,000	115v - 300 CFM	\$215
HT-PFA-35	40,000	115v - 100 CFM	\$150
HT-PFA-85	70,000 -100,000	115v - 350 CFM	\$298
HT-PFA-125	120,000 -150,000	115v - 350 CFM	\$388

Portable Propane Convection Heater

Don't lose your valuable plant during the next power outage! Use these handy, non-electric heaters to keep your greenhouse, workshop, agricultural building or worksite warm.

- ▶▶ Adjustable heat output
- ▶▶ Push button pilot ignitor
- ▶▶ Compact and lightweight
- ▶▶ LP Tank NOT included

Model #	BTUH	Description	Price
HT-PCH-025	15,000 - 25,000	Heats 600 Sq. Ft.	\$115
HT-PCH-080	50,000 - 80,000	Heats 1900 Sq. Ft.	\$150
HT-PCH-200	75,000 - 200,000	Heats 4700 Sq. Ft.	\$160

Portable Electric Heater, 120 V

These small units come with high temperature plug and cord. Audible alarm sounds to indicate an over-heating situation.

- ▶▶ Power light indicator
- ▶▶ 4436/5120 BTUH
- ▶▶ Resettable thermal switch

Model #	Price
HT-2000	\$49.00

Free Shipping

Portable Electric Heater, 208 V

Light enough to carry, yet provide heat for large areas. These heavy-duty units include protective steel intake and discharge grills.

- ▶▶ 6 foot cord
- ▶▶ Resettable thermal switch
- ▶▶ 19110/14335 BTUH

Model #	Price
HT-2001	\$153

Free Shipping

Dyna-Glo Portable LP Heater

- ▶▶ 8000 BTUH
- ▶▶ Heats up to 250 sq. ft.
- ▶▶ Uses 1lb propane cylinder
- ▶▶ Not for elevations over 4500 feet
- ▶▶ Free standing or wall mount

Model #	Price
HT-DGPH	\$99

Free Shipping

Algarve Quartz Electric Heater

Provides efficient radiant heat for indoor and outdoor applications.

- ▶▶ Available as 120V or 220V
- ▶▶ Less than 10¢/hr. to operate
- ▶▶ Lamp life 1100 hours

Model #	Price
HT-ALG-212B	\$320
HT-ALG-220B	\$340

Portable Propane Infrared Heater

These compact, radiant infra-red heaters are clean-burning and provide efficient, clean, high output radiant heat.

- ▶▶ Lightweight and portable
- ▶▶ Comes complete with regulator
- ▶▶ Propane cylinder not included
- ▶▶ Match light ignition

Free Shipping

Model #	BTUH	Description	Price
HT-TTH-15	10,000 - 15,000	3 Heat Settings	\$55
HT-TTH-30	10,000 - 30,000	6 Heat Settings	\$90

Modine Heaters

Modine PDP Power-Vented Unit Heater

The PDP (propeller) High Efficiency II gas-fired unit heaters feature a blower-powered vent exhaust. This vent forces heater exhaust fumes outside of the heated structure.

- ▶▶ Able to vent vertically or horizontally
- ▶▶ A level hanging mechanism for easy field adjustments
- ▶▶ 100% shut-off
- ▶▶ Power exhaust can be rotated 180 degrees

Model #	BTUH	Description	Price

Dayton Utility Heater

Dayton Electric Utility Heater

This sturdy electric heater can provide primary or supplemental heating in greenhouses, garages, warehouses, and more.

- ▶▶ Horizontal and downflow in one unit
- ▶▶ Built-in thermostat
- ▶▶ Ceiling-mount bracket included
- ▶▶ Automatic fan delay control

Free Shipping

Model #	BTUH	Description	Price
HT-UTIL-208	6,100 - 17,100	208 V - 270 CFM - 20.9 Amp	\$249
HT-UTIL-240	8,500 - 17,100	208/240 V - 270 CFM - 20.9 Amp	\$249

Modine Hot Dawg Unit Heater

The Hot Dawg low profile design allows it to be installed in residential or commercial applications just one inch below the ceiling.

- ▶▶ Available as natural or propane gas unit
- ▶▶ 10-year warranty on heat exchanger
- ▶▶ Quiet Operation

Model #	BTUH	Description	Price
HD30A-NG	24,000	Heats up to 250 Sq. Ft. - Natural Gas	\$450

GL-GTS-02	2' long system - 1950 lumens	\$64
GL-GTS-04	4' long system - 4900 lumens	\$72

4' Damp-proof Light Fixture

This durable 4' fluorescent light fixture is the perfect lighting solution for your greenhouse. Enclosed and gasketed damp-proof prevents the entry of dust, dirt, humidity, moisture or other corrosive elements that reduce standard fixture performance.

Free Shipping

Model #	Description	Price
LT-1000	4' Light Fixture - 120V - 2 bulbs needed	\$155

Solar Light Kit

An easy to install lighting solution for small greenhouses, sheds or any small building where light is needed. Our complete kit includes a weather-proof adjustable solar panel, durable fluorescent fixture with two 8 watt bulbs, wall mounting frame and over 12' of extending cord.

Free Shipping

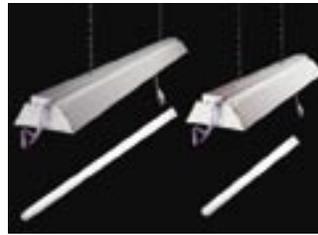

Model #	Description	Price
LT-SOLAR	8.5" long 5" wide Panel, 14" long Arm	\$99

Greenhouse Light Meter

- ▶ Identify best light level of healthy plants
- ▶ Easy to use hand-held design
- ▶ Get precise reading with two scales
- ▶ Exclusive "Zero" calibration feature
- ▶ Full two year warranty

Model #	Description	Price
GL-1024	Greenhouse Light Meter	\$29

Agrosun Fluorescent Lamp

This fluorescent fixture offers plug and play convenience and is perfect for starting seeds or growing flowers, herbs or houseplants all year round. Holds two fluorescent tubes and includes a pull chain on/off switch. Fixture is UL listed.

Model #	Description	Price
GL-2000F-24	24" Fixture - Holds 24" Tube	\$20
GL-2000F-48	48" Fixture - Holds 48" Tube	\$22
GL-2000-24	24" Tube - 975 Lumens	\$16
GL-2000-48	48" Tube - 2450 Lumens	\$17

Tek-Light Fluorescent Light

Tek-Light fixtures feature high output fluorescent lamps with an extremely high lumen per watt rating compared to standard fluorescent bulbs, making them extremely suitable for indoor cultivation purposes. Each 54 watt, 48 inch long, high output fluorescent bulb produces 5000 lumens.

Model #	Description	Price
GL-TEK-42	2 Lamp Fixture - 10,000 Lumens	\$192
GL-TEK-44	4 Lamp Fixture - 20,000 Lumens	\$270
GL-TEK-46	6 Lamp Fixture - 30,000 Lumens	\$369
GL-TEK-48	8 Lamp Fixture - 40,000 Lumens	\$429

Sun System X HP Sodium

- ▶▶ Remote Ballast, 120V
- ▶▶ Maximizer Reflector
- ▶▶ 5KV High Pressure Sodium Bulb
- ▶▶ 8' grounded power cord
- ▶▶ 15' detachable lamp cord
- ▶▶ Louvers for cooling
- ▶▶ 5 year warranty on ballast

Model #	Description	Price
GL-SSX-HPS-1000	1000 Watt Ballast, Reflector, Lamp Cord	\$350
GL-SSX-HPS-400	1000 Watt Ballast, Reflector, Lamp Cord	\$275

Sun System X Metal Halide

- ▶▶ Remote Ballast, 120V
- ▶▶ Maximizer Reflector
- ▶▶ 5KV Metal Halide Bulb
- ▶▶ 8' grounded power cord
- ▶▶ 15' detachable lamp cord
- ▶▶ Louvers for cooling
- ▶▶ 5 year warranty on ballast

Model #	Description	Price
GL-SSX-MH-1000	1000 Watt Ballast, Reflector, Lamp Cord	\$310
GL-SSX-MH-400	400 Watt Ballast, Reflector, Lamp Cord	\$250

Fertilizer Injectors

Dosmatic Model A12 Injector

This low flow injector is ideal for smaller greenhouses. It's very easy to use and provides both accuracy and reliability at lower flow rates.

Model #	Type	Price
FI-A12-25	2.5 %	\$365
FI-A12-5	5.0 %	\$530

Dosmatic A12 Mobile Injector

Same features as standard A12 unit mounted on a rugged 12 gauge steel cart.

Model #	Type	Price
FI-A10M	5%	\$615

Dosmatic Model A30 Injector

Medium flow - good for multiple small greenhouses. Easy to use providing accuracy and reliability at all flow rates.

Model #	Type	Price
FI-A30-4	.4%	\$595
FI-A30-2	2.5%	\$495
FI-A30-5	5%	\$610

Dosmatic A30 Mobile Injector

Same features as standard A30 unit mounted on a rugged 12 gauge steel cart for added convenience.

Model #	Type	Price
FI-A30M	5%	\$785

Dosmatic Model A45 Injector

The non-electric proportional feed Dosmatic A45 injector is simple, accurate and easy to use. Adjustable for all your chemigation needs.

Model #	Type	Price
FI-A40-4	.4%	\$830
FI-A40-2	2.5%	\$740

Dosmatic Model A80 Injector

This high flow injector will meet the needs of most large greenhouses. Adjustable for all your chemigation needs.

Model #	Type	Price
FI-A80-2	2.5%	\$1510
FI-A80-4	.4%	\$1695

MiniDos Injector

Perfect for smaller greenhouses or hobby growers. Provides accurate, reliable injection of fertilizer or chemicals at flow rates as low as .03 GPM

Model #	Type	Price
FI-MD	1%	\$295
FI-MD	2.5%	\$355
FI-MD	5%	\$499
FI-MD	10%	\$518

Propagation Mats

Seedling Propagation Mat

Increase germination and growth with these durable, easy to use mats. Provides even bottom heat at 10-20F above room temperature for an economical price.

Model #	Description	Price
PR-HMH-1	9" x 19.5" - 20 Watt	\$24
PR-HMH-2	20" x 20" - 45 Watt	\$41
PR-HMH-4	48" x 20" - 107 Watt	\$69
PR-HMT-500	Thermostat Control	\$34.50

Commercial Propagating Mat, 120 V

Place your flats directly on this heavy-duty, commercial quality rubber mat and get even bottom heat for starting seeds and cuttings.

Model #	Description	Price
PR-HMC-22	22" x 22" - 100 Watt	\$76
PR-HMC-46	22" x 46" - 150 Watt	\$125
PR-HMC-60	22" x 60" - 200 Watt	\$142

Propagation Mat Controller

These controllers are for use with our Commercial Propagating Mats but can also be used with other brand mats and heat cables. 40 to 100 Deg

Model #	Description	Price
PR-HMT-1	1 Mat - 120 V - 720 Watt	\$69
PR-HMT-2	2 Mat - 120 V - 1500 Watt	\$115
PR-HMT-4	4 Mat - 120 V - 1000 Watt	\$108

Hot House Seed Starting System

Offers increased growing success by providing gentle warmth to the planting bed and by controlling humidity under the large dome. Comes with 72 cell seedling insert.

Model #	Description	Price
PR-HH	6.5" High Dome - 11" x 22" base	\$34.00

Greenhouse Benches

Easy Stack Cedar Bench System Free Shipping

Made from natural cedar, these benches are beautifully constructed. Use as single benches or two tier. One bench is 12 1/2" tall and the other is 32" tall. Each bench gives you 24 1/2" x 48" of growing space.

Model #	Description	Price
BN-CEDAR	50" L x 26 1/4" W x 43" H	\$245

Portable Steel Bench
The sturdy design of this portable steel bench will support up to 20 pounds per square foot but is still light enough to move. The wide design of the bench legs provide increased stability and corner protectors eliminate snagging.

Model #	Description	Price
BN-PORT-204	2' wide x 4' long x 32" high	\$152
BN-PORT-308	3' wide x 8' long x 32" high	\$234
BN-PORT-312	3' wide x 12' long x 32" high	\$346
BN-PORT-404	4' wide x 4' long x 32" high	\$186
BN-PORT-408	4' wide x 8' long x 32" high	\$265
BN-PORT-412	4' wide x 12' long x 32" high	\$391
BN-PORT-508	5' wide x 8' long x 32" high	\$299
BN-PORT-512	5' wide x 12' long x 32" high	\$445
BN-PORT-608	6' wide x 8' long x 32" high	\$332
BN-PORT-612	6' wide x 12' long x 32" high	\$489

Deluxe Potting Bench
The high-gloss hardwood and scrolled-metal design of this 3-tiered table make it an appealing accessory inside or outside your greenhouse. Features a large, slatted work surface as well as handy storage areas above and below.

Model #	Description	Price
BN-PB-5000	42 1/2" L x 20 1/2" D x 41 1/2" H	\$110

Aquila Red Cedar Potting Bench
This beautiful potting bench is made in British Columbia from Western Red Cedar, one of North America's great renewable resources. Includes integral plastic sink for easy disposal of cuttings plus top and bottom shelves for holding supplies.

Free Shipping

Model #	Description	Price
BN-2000	48" W x 22" D x 58" H - 37" Bench Top Height	\$290

Dura-Bench Plastic Benchtop
This extremely durable UV protected plastic benchtop easily attaches to any wood or steel framed benches. Unlike metal bench tops, it has no sharp edges and is rust proof.

Model #	Description	Price
BN-DB	24" x 48" interlocking panel - 1.1" square holes	\$12.90

Dura-Bench Ultra Benchtop
This polypropylene plastic bench top is engineered to replace wood, wire, and expanded metal on greenhouse benches. Designed with 1.1" x 2.1" rectangular holes for easy cleaning.

Model #	Description	Price
BN-DBU	2' x 4' panel - 1.1" x 1.2" rectangular holes	\$10
BN-DBU-CLI100	Clips to interlock panels - 100/box	\$8

Two Wests Potting Bench
Custom built aluminum potting bench features a top tray for potting and a large storage hopper which will hold an ample supply of compost & pots close to hand.

Model #	Description	Price
BN-TW-PB	21" front to back x 24" wide x 36" high	\$135

Two Wests Potting Bench Table
This invaluable little shelf is an accessory for our Two Wests Potting Bench and lets you keep everything close to hand as you work. Ideal for storing tools, rooting powder, small pots etc.

Model #	Description	Price
BN-TW-PBST	20" front to back x 12" wide x 36" high	\$55

Two Wests Potting Bench Shelf
Designed to fit neatly by the side of your Potting Bench this aluminium Side Table will give plenty of extra space for working, storage or growing.

Model #	Description	Price
BN-TW-PBS	8" wide x 24" long x 2" deep	\$17

Display Benches

Single Level Display Bench

Made of heavy-duty plastic these benches are attractive, clean, and perfect for retail display areas or greenhouses. Each bench comes standard with 18" legs.

Model #	Description	Price
BM-SLD1636	16" W x 36" L x 18" H	\$33.60

Soil & Soil Amendments

Soil Moist Granules

Soil Moist has been developed to reduce the amount of water needed to maintain vigorous plants. When mixed in the soil and water added, these amazing crystals will soften and absorb up to 200 times their weight in water!

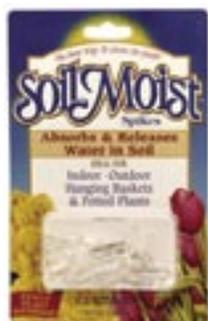

- ▶▶ Reduces plant waterings
- ▶▶ Maintains vigorous plants
- ▶▶ Encourages deep root penetration
- ▶▶ Minimizes transplant shock
- ▶▶ Lasts several seasons
- ▶▶ Cost effective

Model #	Description	Price
SO-MOIST-1	1lb. Jar	\$11.50
SO-MOIST-3	3lb. Tub	\$29.50
SO-MOIST-3B	3 Oz. Bag	\$3.50
SO-MOIST-8	8 lb. Tub	\$72
SO-MOIST-30	30 lb. Drum	\$250
SO-MOIST-50	50 lb. Drum	\$350

Soil Moist Spikes

Soil Moist Spikes will soften and swell as water is absorbed to be released as needed in your soil. Each spike will store over 40 times its weight in water and can reduce waterings by as much as 50%! 18 spikes per package.

- ▶▶ Feeds continuously for 3-4 months
- ▶▶ Lasts several seasons

Model #	Price
SO-MOSP	\$2.85

Wonder Soil Wafers

Wonder Soil instant potting mix is an advanced potting medium compressed into a small 2-3/8" diameter wafer. When mixed with water this small wafer expands to an amazing 15 times its volume creating enough rich potting soil to fill (1) 4" pot.

Model #	Qty	Price
SO-WS-10	10	\$5
SO-WS-50	50	\$23
SO-WS-100	100	\$40

Wonder Soil Bricks

Wonder Soil instant potting mix is an advanced soil-less medium compressed into an easy to handle 8" x 4" x 2-1/2" brick. When mixed with water this brick expands to an amazing 8 times its volume creating 8 pounds of rich potting soil.

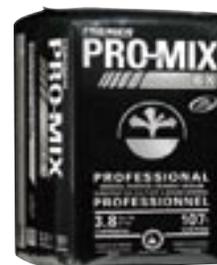

Model #	Price
SO-WSB	\$5

Dyna-Rok II

An all purpose, inert, soil less growing medium comprised of 90% silica. Offers high water absorbance (>150 %) making it a perfect solution for very hot/dry climates.

Model #	Description	Price
SO-DROKF40	1.4 CF, Fine Grade	\$27
SO-DROKF09	9.1 Qt., Fine Grade	\$13
SO-DROKM40	1.4 CF, Medium Grade	\$27
SO-DROKM09	9.1 Qt., Medium Grade	\$13

Pro-Mix BX, 3.8 CF Compressed Bale

Pro-Mix BX is a general purpose peat-based growing medium with vermiculite and perlite, used for the cultivation of a wide variety of plant species.

Model #	Price
SO-PMBX	\$24

Ultimate Container Mix, 1 Cubic Foot

Ultimate Container Mix is specially formulated for plants grown in hanging baskets, greenhouses and outdoor planters. Ideal under hot, sunny conditions.

Model #	Price
SO-PM-UCM	\$18

Ultimate Organic Mix, 1 Cubic Foot

Formulated with quality "approved-organic" ingredients for growers who prefer a chemical-free potting mix. Its natural growth enhancer promotes better growth and increases yield.

Model #	Price
SO-PM-UOM	\$17.25

Ultimate Seeding Mix, 16 Qt.

The ultimate peat-based growing mix for germinating seeds. Formulated with quality horticultural ingredients for growing a wide range of plant species.

Model #	Price
SO-PM-USM	\$12.75

Coarse Perlite, 4 CF

This sterile, white propagating medium is used to keep soil loose thereby allowing air and water to reach plant's roots. Perfect amendment for propagation and more.

Model #	Price
SO-PER	\$15

Vermiculite - 4 Cubic Foot Bag

Horticultural grade Vermiculite has become a mainstay as a component of soil less growing mediums, as a soil amendment and in many other horticultural uses.

Model #	Price
SO-VER	\$20

Dyna-Gro Pro-Tekt 0-0-3

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-DGPT	Quart	\$10.50

Liquid Fertilizer

Jack's Orchid Bloom Booster 3-9-6

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-JC-0309	8 oz	\$7.20

Dyna-Gro Orchid Pro 7-8-6

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-DGOP	Pint	\$5.50

Dyna-Gro Liquid Bloom 3-12-6

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-DGLB	Pint	\$7.80

Dyna-Gro All Pro 7-7-7

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-DGAP	Gallon	\$38

Dyna-Gro Foliage Pro 9-3-6

Used to promote enhanced flowering both in color and size of bloom. Contains not only major and minor elements but also Calcium and Magnesium.

Model #	Size	Price
FE-DGFP	Quart	\$12.50

Controlled Release Fertilizers

Soil Moist 10-10-10 Disks

In adding to absorbing and storing water, these amazing disks incorporate an 8-9 month controlled release 10-10-10 fertilizer for healthy plants - even in dry conditions. Ideal for landscape and nursery applications. 8 disks per package.

- ▶▶ Feeds continuously for 8-9 months
- ▶▶ Lasts several seasons

Model #	Price
SO-MOSD	\$9.50

Osmocote 15-9-12 Fertilizer, 50 pound

Controlled-release fertilizer provides all the nutrition plants need in a single application while two sources of iron provide excellent greening.

Model #	Release	Price
FE-OS15-34	3-4 Month	\$105
FE-OS15-89	8-9 Month	\$93

Osmocote 18-6-12, 50 pound

The 8-9 month formulation and 3:1:2 ratio of this industry standard makes it perfect for longer term greenhouse and container stock or year round feeding.

Model #	Price
FE-OS-1806	\$102

Osmocote 14-14-14 Fertilizer

Controlled release technology provides balanced nutrition throughout the growing cycle. Osmocote 14-14-14 offers the ideal ratio for bedding plants, foliage and pot plant crops.

Model #	Description	Price
FE-OS14-3	3 lb box	\$10.75
FE-OS14-10	10 lb bag	\$21.50
FE-OS14-50	50 lb bag	\$96

Osmocote Pro 19-5-8, 50 pound

This blend features a 8-9 month release, three sources of Nitrogen encapsulated within a polymeric shell. Designed for full season feeding of foliage and nursery stock.

Model #	Price
FE-OS-1905	\$84

Water Soluble Fertilizers

Jack's Fertilizer, 20-20-20

An industry standard, 20-20-20 is a general purpose fertilizer that is great for maintaining plants in almost any environment.

Model #	Size	Price
FE-JP-2020-4	4 lb	\$14.50
FE-JP-2020-25	25 lb	\$34

Jack's Fertilizer, 20-10-20

Has the traditional micronutrient levels needed for general production including propagation and all types of bedding plants.

Model #	Size	Price
FE-JP-2010	25 lb	\$30

Jack's Fertilizer, 20-10-20 Peat Lite

Has approximately twice the level of micronutrients as a general purpose formulation providing necessary elements absent from most commercially made potting media.

Model #	Size	Price
FE-JP-2010P	25 lb	\$31

Jack's Fertilizer, 15-16-17 Peat Lite

Similar to 20-20-20 but with over 60% nitrate nitrogen, boosted micronutrient levels and much less acidic reaction in the root media.

Model #	Size	Price
FE-JP-1516	25 lb	\$32

Jack's Orchid Special, 30-10-10

This formula emphasizes the vegetative growth stage (leaves) and will assure that the plants requirements will be satisfied as the new leaves develop and mature.

Model #	Size	Price
FE-JC-3010	4 lb	\$7.20

Jack's Fertilizer, 10-30-20

Use this high phosphorus formulation during periods of bud set to increase number and size of blossoms. Great for vegetable production!

Model #	Size	Price
FE-JP-1030-4	4 lb	\$14.50
FE-JP-1030-25	25 lb	\$39

Jack's Fertilizer, 9-45-15 Plant Starter

Initial use of 9-45-15 when transplanting into cells or beds supplies the high-phosphorus ratio designed to boost root growth prior to shoots.

Model #	Size	Price
FE-JP-0945	25 lb	\$39

Fungicides

Banrot 40WP

Provides contact and systemic action for control of damping-off and root and stem-rot diseases. Can be used in both ornamental and nursery crops.

Model #	Size	Price
CH-FG-BANR	2 lb	\$85

Daconil Ultrex Fungicide

Highly effective for controlling botrytis, blackspot, powdery mildew, and more in golf course turf, ornamental lawns and ornamental plants.

Model #	Size	Price
CH-FG-DAC	5 lb	\$76.50

Banner Maxx

Provides effective broad-spectrum disease control in turf and ornamentals. Only has to be sprayed every 14 days. Controls powdery mildew and blackspot.

Model #	Size	Price
CH-FG-BANM	Pint	\$78

Subdue Maxx

Used on ornamentals. Controls damping-off and root and stem rots caused by pythium and phytophthora. Microemulsion concentrate for easy mixing and less equipment wear.

Model #	Size	Price
CH-FG-SUB	Quart	\$278

Heritage 50% DF

Controls broad spectrum of turfgrass diseases, including brown patch, Pythium and snow mold. Improves overall turf quality.

Model #	Size	Price
CH-FG-HER	4 Ounce	\$181

Olympic 6672 Fungicide

Broad-spectrum fungicide used for prevention and control of ornamental diseases of annual and perennial flowers, ground covers, and more.

Model #	Size	Price
CH-FG-OL66	Quart	\$59.50

Triple-Action Plus

Contains neem oil and kills almost any kind of insect while being effective on fungus as well. For use on fruits, nuts, vegetables, and more.

Model #	Size	Price
CH-FLI-295	Pint	\$18

Gnatrol Insecticide

Highly selective, biological insecticide for the control of fungus gnat larvae in potting media high in peat moss content

Model #	Size	Price
CH-IN-GNAT	2.5 Gal.	\$94

Insecticides

Pure Neem Oil

An important part of integrated pest management strategy and affects over 400 varieties of insects. This foliar spray is 100% pure neem oil from the neem tree.

Model #	Size	Price
FE-DG-NEEM-8	8 Ounce	\$9
FE-DG-NEEM-Q	1 Quart	\$22.50
FE-DG-NEEM-1G	1 Gallon	\$73
FE-DG-NEEM-5G	5 Gallon	\$249

Marathon 1% Granular

Provides highly systemic control of insects. May be applied to bedding plants, mums, poinsettias, roses and many more crops.

Model #	Size	Price
CH-IN-MAR	5 lb	\$120

Avid Insecticide

Features a unique chemistry which provides a different mode of action to control mites and certain insects. Kills insects by contact and ingestion.

Model #	Size	Price
CH-IN-AVID-8	8 Ounce	\$115
CH-IN-AVID-Q	1 Quart	\$357

Merit 75% WP

Broad-spectrum systematic wettable powder concentrate for foliar and systemic insect control in turfgrass, ornamentals, and interiorscapes.

Model #	Size	Price
CH-IN-MERIT	2 Ounce	\$90

PyGanic 1.4 EC

Provides rapid knockdown and kill of damaging plant pests. For use in organic production. Approved for use on over 200 fruits and vegetables.

Model #	Size	Price
CH-IN-PYG	Quart	\$53

Dormant Oil

99% unsulfonated oil. Kills over-wintering insects and insect eggs. Also kills existing scale.

Model #	Size	Price
CH-FLI-160	Pint	\$7.50

Conserve SC Insecticide

Controls thrips while retaining high numbers of beneficial insects. Works great for control of bud worms, bag worms, fall webworms, and more.

Model #	Size	Price
CH-IN-CONS	Quart	\$137

Carbaryl Garden Spray

For use on ornamentals, lawns, fruit trees, shade trees, vegetables and citrus trees to control Japanese beetles, aphids, cicada, and many others.

Model #	Size	Price
CH-FLI-280	Pint	\$12

Rose, Flower & Veg Spray

Controls aphids, spider mites, whiteflies, and other insect pests. Also controls black spot, powdery mildew, downy mildew, botrytis, plus others.

Model #	Size	Price
CH-FLI-265	Pint	\$16.50

Growth Regulators

A-Rest Plant Growth Regulator

Helps produce plants that are more compact, uniform in height, darker in color, more able to withstand shipping and require less water.

Model #	Size	Price
CH-1000	Quart	\$79

Bonzi Plant Growth Retardant

Produces plants with shorter internodes, more branching, improved root development and deeper color.

Model #	Size	Price
CH-1001	Quart	\$175

B-Nine WSG

Can be sprayed on ornamental plants grown in areas not under cover. Plants will develop shorter, more compact growth habit

Model #	Size	Price
CH-PG-BNINE	1 lb	\$116

Sumagic

Produce plants with denser, more consistent compact growth with increased plant shelf life.

Model #	Size	Price
CH-PG-SUMA	Quart	\$127

Rooting Hormones

Rhizopon AA Tablets (20% IBA)

Use this high phosphorus formulation during periods of bud set to increase number and size of blossoms. Great for vegetable production!

Model #	Tablets	Price
CH-RPT-20	20	\$9.50
CH-RPT-200	200	\$79
CH-RPT-2500	2500	\$595

Fertilome Root Stimulator 4-10-3

Helps you establish your plantings, letting you enjoy healthy growth for many years.

Model #	Size	Price
CH-FLRS-1Q	1 Quart	\$8
CH-FLRS-1G	1 Gallon	\$20

Hormodin 1

General purpose powder designed for the home gardener or commercial grower who propagates plants such as roses, carnations, poinsettias, some shrubs, and more.

Model #	Size	Price
CH-RH-HOR1	1 lb	\$23.50

Hormodin 2

Prepared specially for propagating many woody and semi-woody plants, including some of the evergreens.

Model #	Size	Price
CH-RH-HOR2	1 lb	\$25.50

Hormodin 3

Prepared specially for propagating the more difficult to root varieties, including many of the evergreens and dormant leafless cuttings.

Model #	Size	Price
CH-RH-HOR3	8 Oz	\$25

Dip-N-Grow Rooting Hormone

Most effective rooting hormones available. This liquid concentrate is easily diluted with water to obtain the necessary strength.

Model #	Size	Price
CH-1002	Pint	\$37

Root & Grow Plant Starter

Stimulates early and strong root formation. Reduces transplant shock while promoting greener, more vigorous plants.

Model #	Size	Price
CH-1005	40 Ounces	\$7

Seeders

Deluxe Mini Wand Seeder

Our Deluxe version of the Mini Wand Seeder features a handy squeeze trigger for quicker and more efficient seeding. Simple to operate with no batteries or electrical power required! Perfect for hobbyists or small growers.

Model #	Description	Price
SE-MWS2-H	Hand Operation	\$60
SE-MWS2-HF	Hand/Foot Operation	\$60
